Chief of Station, Mexico**Chiefs of Station, San Jose, Panama & Caracas****Chief, EE****Chief, WRD****EMERG/Operational - Trace Reply - Nikola ZIC (201-277475)**

REF: HMMA 22150

Traces follow on Nikola ZIC, born 8 August 1921 at Pustat Rijeka, Yugoslavia and currently assigned as Counsellor, Yugoslav Embassy, Mexico City:

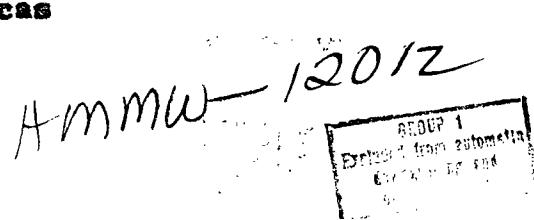

1. According to a fairly reliable defector source, Nikola ZIC was a UDB (yugoslav foreign intelligence) - Administration of State Security) official in Rijeka in 1945-46, assigned to the City UDB. In 1946 a scandal broke out at the City UDB in Rijeka, involving corruption, stealing of official funds or similar matters, and the head of the city UDB (name unknown) was imprisoned in this connection. At that time ZIC was transferred to the UDB in Zagreb, but Source does not know whether ZIC himself was involved in this affair. Later on ZIC was transferred to Belgrade, but Source does not know whether to UDB or directly to the State Secretariat for Foreign Affairs (SSFA). In the mid - '50's ZIC was employed in SSFA, his office was downstairs, 1.07, not in the Coordination Department (the Yugoslav Foreign Intelligence service). However, he worked with Bozile SISIMOVIC (201-64553), an identified Co-ordination officer, and therefore Source assumes that ZIC was really a Co-ordination man. Source first met ZIC in Rijeka either in 1945 or 1946. Since then he has seen him a few times; he last talked to him in Belgrade in 1989 or 1990. (The source of the foregoing information defected from a commercial representation position in PRAGUE in July 1982.)

2. According to an Italian liaison report, DEMIJOHN names one Nikola ZIC as first assistant to the UDB Chief at Piume and Susak, Yugoslavia in June 1948.

3. A Yugoslav refugee interviewed by ODOPAL in January 1955 named Nikola ZIC, Major, born circa 1919, residing in Susek, as second in command of the civilian UDB in Rijeka, Yugoslavia. He was then alleged to be having an affair with Marija BULJ, who came to Austria during the summer of 1954 as an UDB agent.

4. According to a well-placed and reliable source, Nikola ZIC served in London from 1959-1961 as one of the assistants of the London Resident, under cover as Chief of the Consular Section of the Yugoslav Embassy in London. The source added that ZIC "had been assigned a difficult task by the Coordination Department." Source could not find out what it was, but learned that ZIC was preoccupied about it and feared that he would not be able to carry it out. Source described ZIC as "a bad and dangerous man."

5. A British liaison report states that Nikola ZIC came to London in February 1969 and replaced Bozidar GORSAN as head of the Yugoslav Consular Section. He was born on 31 August 1921 and, according to the British, there was no reason to doubt that his replacement was not also an intelligence officer.

6. Prior to his assignment to Mexico, ZIC served at UNPA Headquarters in Belgrade for one year. According to source, he stopped over in the United States and conferred for five hours with an unidentified Coordination officer.

7. He is first listed on the Plastic Official as of 1 August 1969, as Counselor of the Yugoslav Embassy, with residence at Prado Sur 225 (Mexico), and telephone number 26-66-28. He bears Passport No. D-611588. On 23 August 1969, he entered Costa Rica by air from Mexico and departed for Panama on 25 August by air. He departed Panama for Corinto, Venezuela on 29 August and returned via Panama to Mexico on 31 August 1969.

8. Information copies of this trace are being sent to Costa Rica, Panama and Venezuela, on the probability that Subject will travel in these areas again during his tour in Mexico City, and the respective Stations may wish to keep an eye on his activities.

Plastic ZIC as first listed in the Plastic Official, was reported present in Mexico City.
